### **SEE**

The London Experience is offering a once in a lifetime opportunity to visit London for an extended period. The difference you will experience with us; you will see London from a Londoner's viewpoint, not just from a tourist's perspective.

### **ONE OF A KIND**

How can we best describe what we do? We passionately believe that London is the place to be, we also passionately believe that there is only one way to understand the city, and that is to live here like a Londoner.

### **ATTRACTIONS**

Yes there are many.....way too many to list. The London Eye, Buckingham Palace, Hyde Park, Big Ben and on and on. You will see as much as you can see with us.

### **PERSPECTIVE**

As wonderful as London is, there are many other amazing cities in Europe and we will ensure that whilst you are with us, you get the opportunity to visit another amazing city, after all it is a small world.

***Accommodation***

## ***Accommodation***

We provide all our visitors with accommodation for the duration of their visit, (included in the price.) The aim is to live independently with other like minded people. If you are coming with friends we will arrange a flat share, however you will always have your own room -unless you request otherwise-. If you are coming by yourself, our student matching service will ensure that you are sharing with someone you get on with. This service is completely free of charge.

All your accommodation needs are dealt with before you arrive, we will send you your new address and give you details about the surrounding area. You will also be given a set of keys or entry card so you can come and go as you please.

All of our accommodation is based in the main areas of London, near public transport making everything accessible.

***The European  
Experience***

## *The European Experience*

You will be visiting another European City during your time with The London **Experience**. We built this into the package as we felt that many people would like to come to London and take the opportunity to pop over to Paris or other neighbouring European cities. Return flight/trains and hotel accommodation are all included in the price.

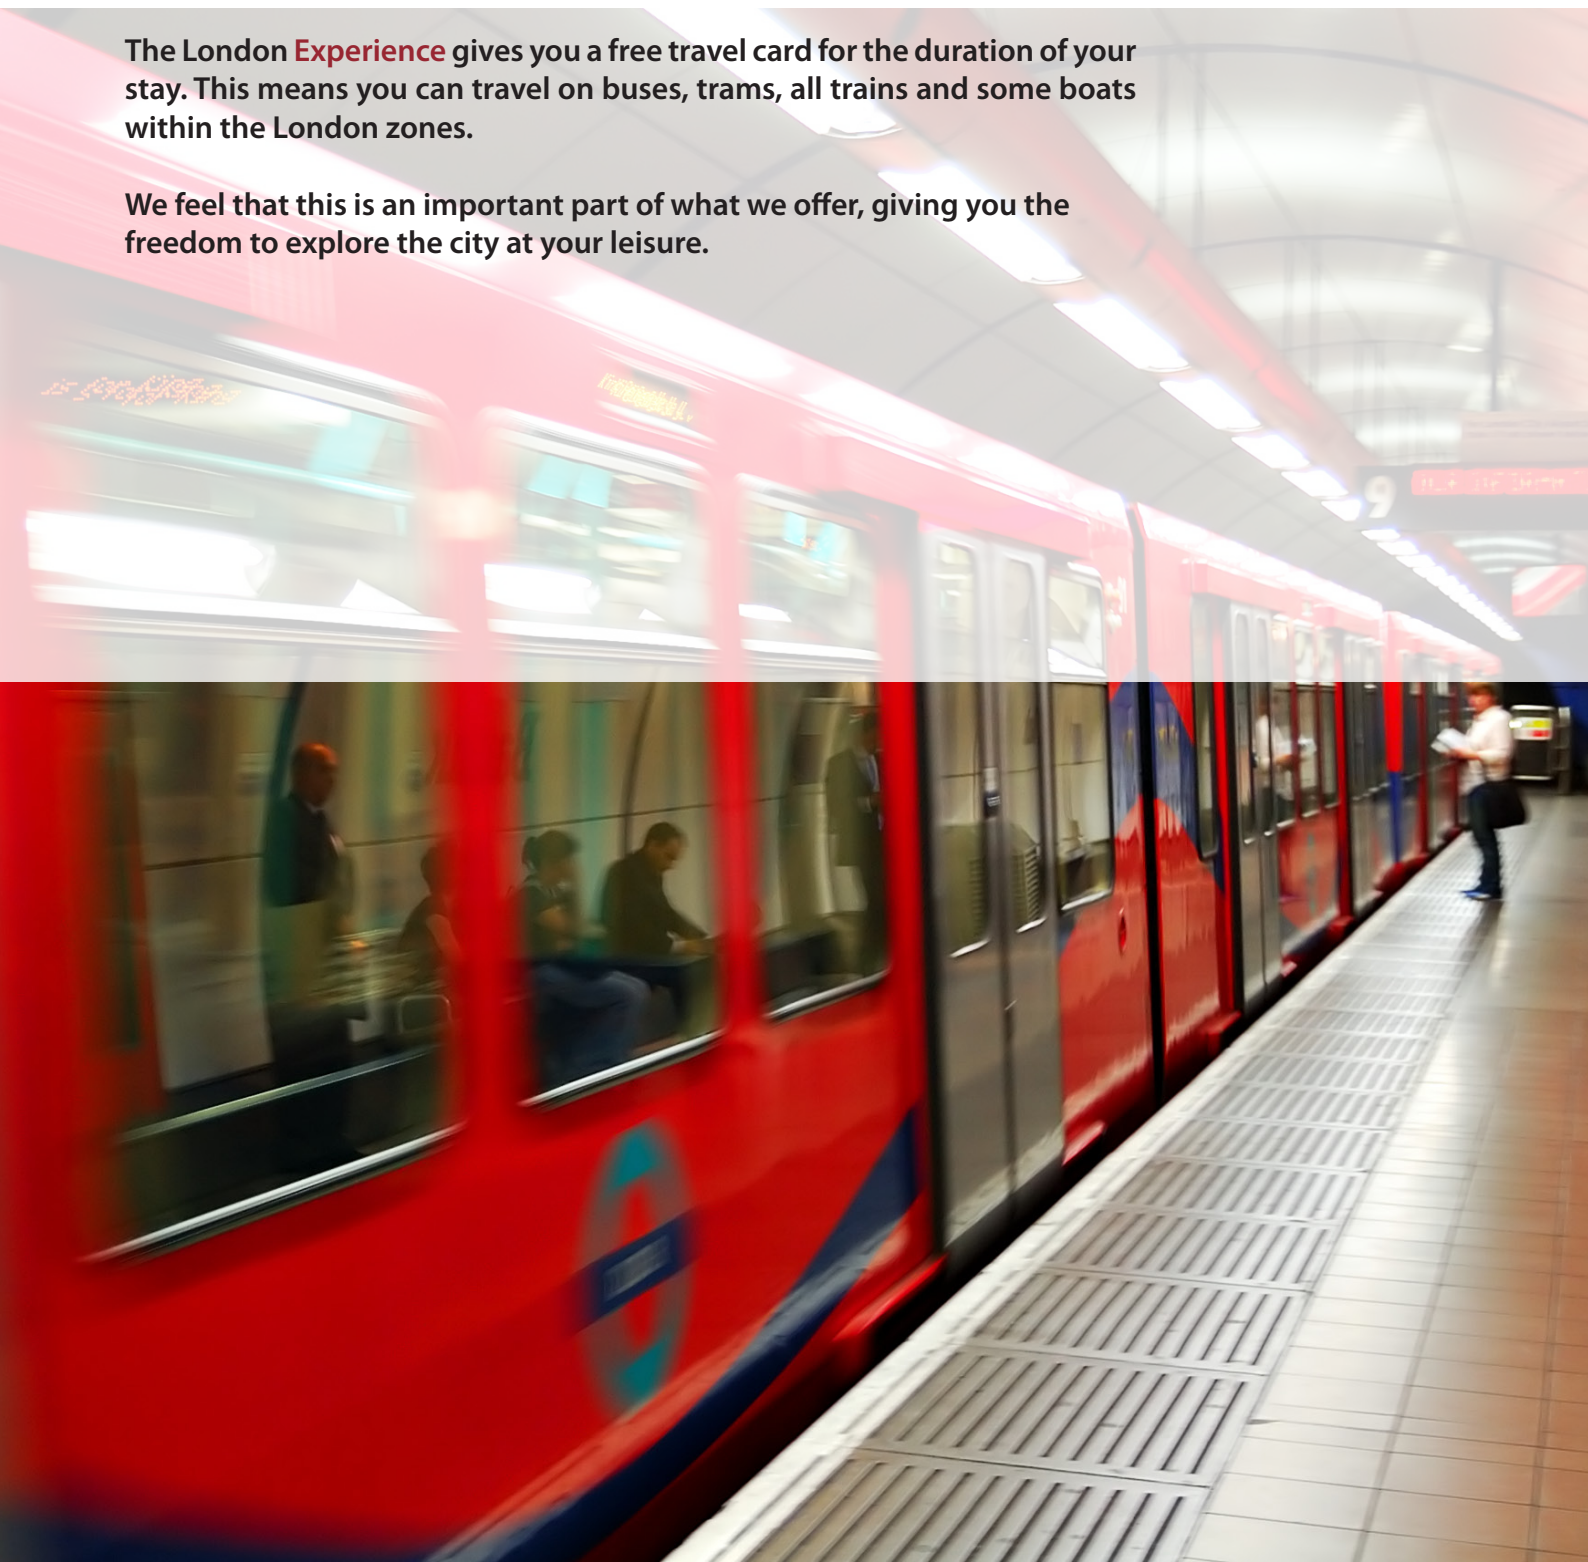

***Travelling in  
London***

## *London Travel Card with the London Experience*

London can be an expensive city to travel in. Most people that visit the city are surprised at the cost of travelling by public transport and find that they have not budgeted for this.

The London **Experience** gives you a free travel card for the duration of your stay. This means you can travel on buses, trams, all trains and some boats within the London zones.

We feel that this is an important part of what we offer, giving you the freedom to explore the city at your leisure.

***British mobile phone  
with complimentary £10 credit***

We have done our research and found that a vast majority of visitors who come to the city bring mobile phones from their country, incurring huge charges when calling home, or even within London.

The London **Experience** will give you a mobile phone for the duration of your stay. All we require is a £70 deposit from you (fully refundable upon return of the phone in good working order,) you will then have your own phone number which you can give the folks back home to call you on, as well as being able to contact your friends in the city at a reasonable cost.

Our mobile phones also come with £10 complimentary credit to get you started.

# ***Charity Focus***

## *Making a Difference*

The London **Experience** passionately believes that making a difference counts. A percentage of all our profits go to a charitable cause. With so many different issues in the world, we think that it is important to take time to acknowledge and understand at a base level how we as a society can help. One small step in the right direction can make a difference however big or small to an individual.

We particular lend our hand to charities who support children, women and the environment. Help us make a difference. Our charity partners can be supported in many different ways. Perhaps when you join one of our experiences you can donate a day of your time, or maybe you have some recyclable goods that could be given away. By simply booking with us you are indirectly giving to charity.

We welcome all charities supporting the above causes. If you are a charity interested in becoming involved in our program, email us at [charityfocus@londonexp.com](mailto:charityfocus@londonexp.com). Big or small charities, whichever you may be, we have no preference. If you have a cause which you feel needs more attention, we can help.

We offer free advertising for charities on our website and in our promotional literature. Remember, we are an international organisation, so we have the means to spread your message worldwide.
